1. Project Narrative: Provide a summary of the proposed project, the need for project, promote recycling efforts and/or waste reduction, or utilize recycled content materials, with grant fund spending details. (Use additional paper if needed)

Our group would like to increase environmental awareness and promote reuse by purchasing and installing mulch made from recycled tire materials in the Center Park Baseball playground area. Playground equipment was recently placed in the park. We currently use bins to collect and recycle beverage can and plastic bottles at the park.

- 2. Address/description of physical location where will the project take place? <u>At Center Park Playground, 148 Main Street, Hometown, Ohio.</u>
- 3. Public Participation/Outreach: Describe what audience will be directly influenced by this project as well as how it might affect other audiences within Jefferson & Belmont Counties. Include any public outreach that the applicant will provide during the course of the project (including newspaper articles, educational material, presentations, dedications, etc.) Parents, grandparents and other relatives of the baseball players and all others that visit the playground area will know the mulch was made from shredded tires. We hope it will bring attention to recycling possibilities of materials used, bring awareness to the JB Green Team program while encouraging use of recycled materials to park visitors.

4. Recognition: As a condition of the Grant, all grantees will be required to show acknowledgement of the JBGT Grant funding for their project which includes purchasing permanent JBGT Logo signage for placement at/on all project items. The form of signage is dependent of project type. What signage and recognition do you plan to purchase/provide? (A small plaque stating " recycled tire mulch provided by the YB Green Team Grant Program" along with the JBGT logo will be mounted to the playground slide, and we will post the information on our Facebook page thanking JB Green Team.
Please acknowledge this signage requirement by initialing here: IS D
